

Presentation Focus Questions:

Your presentation should focus on these questions.

Feel free to go beyond what is stated here, but limit your presentation to 5 minutes.

dental amalgams

1. How are they made / what are they made of?
2. Are there any health risks involved? *(maybe talk to a dentist?!?)*
3. Why do they use this particular solution of metals?
4. Are there any waste-disposal issues with discarding amalgam materials?
5. How long have amalgams been used? Are there other materials which can be used?
Be sure to discuss PROS and CONS of dental amalgams!

For 10% of the grade, don't forget to link this presentation to something we've learned in this water & solutions packet (hint, see the 1st worksheet in the packet)
