

You have been assigned _____ for your 3 ~ 5 minute creative skit.

Your due date is: _____.

* write down your due date. It will cost 1 point if you need me to look it up again!

STEP 1: Go to the class website: www.pkwy.k12.mo.us/west/teachers/anderson and click "[class info](#)" & "[presentation tips](#)". Read it carefully.

STEP 2: Review the attached score card & bring it with you on the day of your skit.

STEP 3: Use the focus questions (below) to create your basic outline.

Make your skit fun and creative. Let me know if you have questions or need help.

Presentation Focus Questions:

Your skit should focus on these questions.

Feel free to go beyond what is stated here, but limit your skit to 5 minutes.

the greenhouse effect

- What causes the greenhouse effect? Why is it called that? Why is a little greenhouse effect good?
- Some experts say the long term consequences of the G.E. will lead to terrible flooding of our coastal cities & turn the midwest into a desert. Explain this.
- What is being done to deal with the problem?
- How does this tie in with the whole nuclear vs. coal burning power plant issue?
